We believe that cooking and eating together will bring us closer.

Crushgrind®

Brand story

Inspired by the principles of the old mortar, Crushgrind® was developed to go beyond a simple pepper mill, aiming to create a superior grinder unlike anything on the market.

Driven by will, passion, and a touch of nerdiness, we invented the original ceramic mechanism — a groundbreaking innovation that revolutionized traditional pepper mills, allowing consumers to grind not only pepper but also salt and a variety of dried herbs and spices.

Crushgrind® has naturally evolved into carrying our own line of innovative and functional household products. We strive to create designs that put function first — but looking good doesn't hurt either.

Great design not only fits into the environment but can elevate it. It might even inspire you. We want to be a natural part of your kitchen. Maybe even encourage you to think more creatively. Try a new recipe or experiment with a spice blend. Spice things up a bit.

We blend Nordic design aesthetics with functionality, innovation, and high quality.

Biocomposite - Crushgrind® Billund grinder

The Crushgrind® Billund series showcases a modern design – based on high-quality biocomposite material, aiming for a greener alternative by using a renewable material.

The surface of the biocomposite has a natural, earthly aesthetic which reflects its natural origin. The biocomposite is based on cellulose fibres from certified sustainably managed forests and crude tall oil, a residue of the pulp production process. Unlike crop-based biomaterials, this biocomposite doesn't interfere with a food-production chain.

The surface of the biocomposite features a smooth yet subtly textured finish, with delicate natural fibers or flecks visible throughout, adding character and a unique visual appeal. Due to the nature and origin of the biocomposite, the colors may occur slightly differently and with minor speckles on the surface of the grinder.

The biocomposite material is lightweight yet durable, offering a refined product that is as visually pleasing as it is functional.

Billund Spice Grinder

With the Billund grinder, we wanted to give you a fun and playful design to brighten up your kitchen table and help you crush boring food. Cooking should be fun!

The design combines soft geometric shapes with bold colors to create a grinder that feels both contemporary and approachable. It is based on a biocomposite made of wood-based cellulose fibres from certified, sustainably managed forests, which gives it a lightweight and easy feel.

Billund is an upside-down grinder, ensuring you won't have any residue on the table! And with a silicone plug in the bottom, filling up the grinder has never been easier.

Due to the nature of the biocomposite, color variations and minor speckles may occur on the surface.

With a 25-year guarantee on the ceramic parts, this grinder is designed for longevity. The Crushgrind® mechanism lets you crush not just the usual salt and pepper, but anything you'd like, really. It's designed to grind whole, dried spices, releasing their aromas, flavors, and beauty. Let's crush boring food!

Billund Nutmeg / Muskat

Design by Crushgrind® /
Samuel Murley

Material

Biocomposite

Color

Cumin

Parsley

Size

8 cm / 3"

Billund Nutmeg

Freshly grated nutmeg adds more flavour, but a classic grater can be awkward to use. With Billund Nutmeg, you don't have to worry about your fingers when grating nutmeg directly into your food.

Simply place the nutmeg inside the grinder and turn. A simple solution that also makes it easier for children to help in the kitchen.

When you are done, the nutmeg can be stored in the lid, keeping it fresh and ready for next time.

Billund Nutmeg is now available in the colour Cumin, which pairs naturally with wood, warm kitchen tones and the rest of the Billund series.

Billund Pitcher

Design by Crushgrind® /
Samuel Murley

Material

Biocomposite / glass

Color

Lavender

Blueberry

Size

1L / 34 oz

Billund Pitcher

Bring a touch of fun and versatility to your table with the Billund pitcher, part of our playful Billund series. Crafted from borosilicate glass, its unique design reflects light beautifully, shifting colors based on its contents for a dynamic, eye-catching effect.

Perfect for more than just water. Use it for juice, cocktails, or even as stylish storage for your favorite granola or cereals.

Available in two variants, the Billund pitcher is topped with a lid based on a bio-composite material of wood-based cellulose fibers sourced from certified, responsibly managed forests. Playful, practical, and designed to brighten any setting.

Billund Oil/Vinegar

Design by Crushgrind® /
Samuel Murley

Material

Biocomposite / glass

Color

Blueberry

Parsley

Size

260 ml / 9 oz

500 ml / 17 oz

Billund Oil/Vinegar

The Billund oil/vinegar pitcher now comes in two sizes, extending a series built on colour, light and playful shapes. The coloured borosilicate glass lets the contents show through and shifts in tone with the light, giving the pitcher a strong shelf presence and a look that invites you to keep it out on the counter rather than in a cupboard.

The integrated silicone spout is made for precise, drip-free pouring, with a shape that returns liquid to the bottle after use and keeps the pitcher clean. The lid is based on a biocomposite material of wood-based cellulose fibres.
The two sizes display well together and work equally well for oil and vinegar.

Billund self-watering pot

Size

H14 cm x Ø12cm

Billund self-watering pots

We've all been there. You bring home a bunch of basil or mint, and before you know it, wilted and sad. Fresh herbs are fabulous, but kind of high-maintenance.

Time for a fresh start. Meet your new kitchen sidekick: the Billund Self-Watering Pot. Designed for thirsty herbs like basil, mint, and parsley, it keeps them happy, hydrated, and full of flavor - no daily watering required.

Just fill the base with water and let the clever self-watering system do the rest. No guesswork. No dry soil. Just fresh, vibrant herbs whenever you need them.

Made from 75% recycled plastic, with soft, playful angles, the Billund Self-Watering Pot fits right into the cheerful spirit of the Billund series - designed with care for you and the planet.

So go ahead: keep your herbs fresh in the pot, your spices dry in the grinder and let the Billund series bring more flavor - and more fun - to your kitchen.

Zurich cutting boards

Why settle for ordinary when you can have Zurich? The Zurich cutting boards are where function meets bold design, transforming everyday tasks into stylish moments.

Geometric, sleek, and versatile, Zurich is built for all your chopping, slicing, and serving needs. Whether in the kitchen or at the dining table, it's not just a cutting board — it's the backdrop for your culinary creativity.

This set of three colors and sizes of Zurich has been paired up with a holder to turn these every day kitchen tools into a piece of art - because your countertop deserves a little art, too!

Our Zurich cutting boards complement the Billund series, so feel free to mix and match with the products from the series to add a pop of personality to your kitchen.

Bergen

Bergen combines stylish simplicity with functionality. We aimed for the sweet spot between classic and modern, making it a versatile design.

Crafted from FSC®-certified wood and available in a selection of contemporary colors, Bergen is the perfect fit for both design lovers and cooking enthusiasts — a lasting companion of quality and timeless design.

With a 25-year guarantee on the ceramic parts, this grinder is designed for longevity.

The Crushgrind® mechanism lets you crush not just the usual salt and pepper, but anything you'd like, really. It's designed to grind whole, dried spices, releasing their aromas, flavors, and beauty. **Let's crush boring food!**

Champagne 2pcs set

Design by Crushgrind® /
Samuel Murley

Material

FSC® Oak

Color

Oak

Size

17 cm / 7"

Champagne

Flip the ordinary upside down, literally. The Champagne series is inspired by the timeless elegance of a champagne flute, bringing quiet luxury and bold design straight to your table. Each piece combines sculptural beauty with everyday functionality, crafted from FSC®-certified oak wood and refined steel details that tie the collection together. Together, the Champagne series is more than kitchen tools - it's everyday luxury designed to be admired, used, and enjoyed.

The iconic upside-down grinders keep your table spotless thanks to a silicone plug at the bottom. Easy to refill, designed to impress, and crowned with a mirror-polished steel top.
A cheeky black or white ring keeps things simple — salt or pepper, easy. Natural oak variations make each set uniquely yours.

Champagne Oil & Vinegar

Design by Crushgrind® /
Samuel Murley

Material

FSC® Oak

Color

Oak

Size

15 cm / 160 ml

Champagne Oil & Vinegar

Every table deserves a touch of ceremony, even a weekday salad. Perfected for every drizzle - The Champagne Oil/Vinegar pitcher turns a simple pour into something quietly elegant.

Crafted from smooth colored borosilicate glass, it's topped with FSC®-certified oak wood and a drip-free silicone spout that keeps things neat, not greasy.

The silhouette mirrors the graceful lines of the Champagne series; elegant, refined, modern, and effortlessly at home wherever good food is shared.

Because we believe the little details, the soft curve of glass, the clean pour, the passing of a pitcher - are what bring people closer.
The perfect match for your Champagne grinders, cutting boards and table grater.

Due to the nature of the oak wood, color variations may occur.

40 x 30 cm / 16" x 12"

Champagne cutting board

Who said a cutting board has to be boring? The Champagne cutting board is your license to slice and serve with style. Elegant, functional, and unapologetically refined, it turns prep work into something worth showing off.

That sleek half-moon steel handle? It's not just eye candy. It makes flipping, lifting, and serving a breeze. And yes - it mirrors the signature steel top from our Champagne grinders, because good design travels well in pairs.

Crafted from FSC®-certified oak, it's durable enough for daily use and beautiful enough to leave out when guests arrive. No need to hide this one in a drawer - it was made to be admired.

Pair it with the Champagne grinders for a complete look that's both functional and aesthetic.

Due to the natural variation in oak wood, color differences may occur

Champagne Table Grater

Oak

Size

Ø10 cm / 4"

Champagne table grater

Who decided grating had to be a kitchen chore? The Champagne Table Grater is here to change that. Designed to be seen, not stashed away, it brings stunning design and effortless function straight to the table.

Perfect for topping off pasta with parmesan, this grater's got you covered. Use it at the table or grate in the kitchen, pop on the lid, and serve with style! Either way, you grate straight into the sculptural FSC®-certified oak wood bowl - no mess, no extra plates. A silicone ring keeps it steady when resting on the table, and the photo-etched steel surface delivers a smooth, satisfying grate every time.

Designed to match the Champagne grinders, it brings the same clean lines, quiet luxury, and refined functionality to stand out.

A small everyday luxury that pulls it's weight, whether it's for two or a table full of guests.

Due to the nature of the oak wood, color variations may occur.

Helsinki Set

A classic grinder set in oak, gathered with a matching tabletopper, ready to take its place on the table. An ideal gift for those who appreciate good design made to last. The grinders are crafted from FSC®-certified oak and have a timeless, architectural expression that fits naturally in both the kitchen and on the dining table. Inside is the ceramic Crushgrind® mechanism, which can be used for salt, pepper, dried spices and herbs. The ceramic parts come with a 25-year guarantee.

The small tabletopper keeps the grinders together and helps keep the table free from spice residue. A practical detail that makes the set ideal as a wedding gift, a hostess gift or a gift for the person who has almost everything. Due to the natural structure of oak, variations in color and grain may occur.

Amsterdam To-Go

Compact seasoning, big personality. Meet the travel-sized twist on a modern classic. Amsterdam To-Go takes the bold, clean lines of our original Amsterdam design and reimagines them for life on the move.

A set of two petite grinders nestled in a clever little holder - no spice dust, no fuss, just pure functionality packed with charm. Whether you're heading for a picnic, a cabin weekend, or just moving from kitchen to balcony, these grinders are always ready to roll.

Simply squeeze the tops to lift them both at once (yes, it's as satisfying as it sounds). These little wonders come in a range of playful color duos.

Amsterdam To-Go brings a splash of personality wherever it lands. Built for flavor, friendship, and all the places in between.
